EXPERIENCE

Web Developer Intern – *Incline Marketing*

Jan 2024 – Apr 2024

- Responsible for developing responsive, user-friendly websites and web applications using JavaScript and other web technologies.
- Participated in all phases of the software development lifecycle, encompassing strategic planning, architectural design, development, rigorous testing, and seamless deployment.
- Worked closely with customers and with cross-functional teams, including designers and other developers in an Agile/SCRUM environment.

PROJECTS

Integra – *Service as a Software*: [Demo](#)

(TypeScript, React, Next, Tailwind, PostgreSQL, Prisma)

- SaaS application designed to provide users with a robust platform for creating and managing notes.
- Managed OAuth flow and token lifecycle with Google Sign-In, simplifying integration with Google APIs.
- Added functionality to allow users to customize dashboard through a selection of themes.

INVENTORY MANAGEMENT SYSTEM: [Demo](#)

(C#, ASP.NET, SQL, SSMS, Azure, Bootstrap)

- Web application developed to emulate the functionalities of an inventory management system, using the MVC architecture.
- Designed and maintained a scalable SQL database to efficiently store and manage inventory data.
- Deployed and maintained on Azure's cloud infrastructure.

SKILLS

- **LANGUAGES:** JavaScript, TypeScript, SQL, Python, C#
- **FRAMEWORKS:** React, Next, Tailwind, Bootstrap, .NET, ASP.NET
- **DBMS AND CLOUD SERVICES:** SQL Server Management Studio, Prisma, Postgres, Azure
- **PROJECT MANAGEMENT AND API AUTOMATION TOOLS:** Jira, Asana, Postman, SoapUI

EDUCATION

BRIGHAM YOUNG UNIVERSITY

B.A. in Software Engineering, Minor in Web Development

Rexburg, ID

2019 - 2024
