EXPERIENCE

Web Developer Intern – *Incline Marketing*

Jan 2024 – Apr 2024

- Responsible for developing and maintaining responsive, user-friendly websites and web applications using JavaScript alongside Content Management Systems.
- Participated in all phases of the software development lifecycle, encompassing strategic planning, architectural design, development, rigorous testing, and seamless deployment contributing to the successful delivery of 5+ client projects ahead of schedule.
- Collaborated closely with customers and cross-functional teams, including UX/UI designers, developers, and project managers in an Agile/SCRUM environment.
- Demonstrated proficiency in integrating RESTful APIs, including authentication, secure payment and social media interaction.

PROJECTS

Integra – *Service as a Software:* [Demo](#)

(TypeScript, React, Next, Tailwind, PostgreSQL, Prisma)

- SaaS application designed to provide users with a robust platform for creating and managing notes.
- Managed OAuth flow and token lifecycle with Google Sign-In, simplifying integration with Google APIs.
- Designed and implemented theming system, enabling users to personalize their dashboard experience.

INVENTORY MANAGEMENT SYSTEM: [Demo](#)

(C#, ASP.NET, SQL, SSMS, Azure, Bootstrap)

- Web application developed to emulate the functionalities of an inventory system, using the MVC architecture.
- Designed and maintained a scalable SQL database to efficiently store and manage inventory data.
- Seamlessly deployed and maintain the application on Azure's cloud infrastructure.
